

"LET'S GET TOGETHER AND **THINK** ABOUT ENTREPRENEURSHIP EDUCATION! "

Annual Think Tank Meeting

Saturday, November 7, 2009

Norfolk Marriott Waterside Hotel

10:30 AM - 2:30 PM

Each year the Think Tank meets prior to the annual Entrepreneurship Education FORUM to put our EDUCATOR heads together about helping the field of entrepreneurship education grow. In the past we have worked on the National Content Standards, created the National Standards of Practice, developed the Consortium White Paper entitled "Entrepreneurship Everywhere", and last year worked on increasing our computer skills. This year we are providing a workshop on creating meaningful and useful activities for the entrepreneurship classroom. JOIN US FOR THE WORKSHOP....
